ENTRY BOOK NO 11—PLOWING MATCH.

Best plowing. 1st premium to Daniel Pierce, Lincolnville $12; 2d premium to T J Chase, Orrington 10

There were three contestants for the premiums. Each plowed one-eighth acre. Two of them used a steel plow, the other an iron one. No 1 plowed his land in 23 minutes. No 2 plowed his land in 12 minutes. No 3 plowed his land in 19 minutes. After taking into consideration the condition of the land and the expense of plowing by each, and the manner in which each performed his work, we have awarded as above.

Your Committee think if the award had been for the best plowing within a reasonable time it would have been done in a more workmanlike manner.

Judges—J E Shaw, West Hampden; Allen Carter, West Hampden; Jacob Shorey.

ENTRY BOOK NO 12—LONG WOOLED SHEEP.

Best buck, long wooled. 1st premium to W S Tilton, Togus, Cotswold $12; 1st premium to R S Torrey, Bangor 10

Judges—W P Atherton, Hallowell; J W Swift; Allen Carter, Hampden.

ENTRY BOOK NO 18—THOROUGHBRED STALLIONS.

1st premium to Gen Wm S Tilton, Togus, Stallion Sultan $12; 1st premium to Wright & Norcross, Manchester, Mare Crusoe 12

Judges—Hiram Bow, W F Richards, Geo H Bailey, Woodfords.

ENTRY BOOK NO 19—STALLIONS FOR GENERAL USE.

The Committee appointed to examine and pass upon the large number of fine Stallions offered for their examination report that after giving the subject their careful consideration, they have awarded first premium for Stallions 8 years old and over, to Arnold Palmer of Palmyra, for the horse General Lyon. Second Premium to Gilbert Fowler of Portland, Tom M Patchen.

There was a fine display of horses in this class among which was Gideon, owned by Foster & Palmer of Bangor, to whom we award a Diploma. To 5 years olds and under 8 we award first premium to Ira C Sturgis of Augusta for his Knox Stallion Crown Prince. Second premium to John W McDuffee of Lewiston, for the 6 year old Stallion, King William.

It was a very difficult task to make the selection in this class, and much more so for second, owing to the large number of horses exhibited, (some twenty in number). Several were deemed especially to recognition, among them Buchanan, Emperor William and Whalebone Knox, together with the Stallion Tom Lang, to each of which we award a Diploma.

For 4 years old and under 5 we give first premium to Caradaught, entered by Wright & Norcross, of Manchester, a very noticeable specimen of the famous Fearnaught family. Second premium to Bonnie Doon, a colt of the Knox Stallion, Black Sultan, of Plymouth, Me.

We also award a Diploma to the colt by Gideon, entered by Waldo T Peirce of Bangor.

GEORGE JORDAN, H. R. CUNNINGHAM, R. H. GREELEY.

ENTRY BOOK NO 20—MARE WITH FOAL.

Best breeding mare with foal. 1st premium to H L Trask, Jefferson $17; 2d premium to A Thurlow, Newburg 13

[illegible]

Best bushel of wheat. 1st premium to A S Garland, Carmel 6

Best half acre of beans. 1st premium to Isaac Dearborn, S Newburg, none offered; 2d premium to Washington Hall, Brewer, none offered

Best half acre of potatoes. 1st premium to Wm R Bartlett, Orono 4; 2d Wm R Bartlett, Orono 3

Best garden seeds. 1st premium to Mrs A B Strattard, Monroe, Diploma

Best bushel of oats. 1st premium to J R Pulsifer, E Poland 1

Best bushels of Beans. 1st premium to A S Garland, Carmel 3 00; 2d J S Griffin, Levant 2 50

The committee on field crops report the following: Mr J P Putnam of Winthrop, entered one bushel of Spring wheat. We could neither find him nor his wheat, therefore we have to pass him by.

Mr J S Griffin of Levant, has entered corn, wheat and potatoes of fair samples, but has not given any statement in regard to the manner of cultivation, therefore we pass him over.

Mr Griffin appeared in writing, but the Trustees sustained the report. SECRETARY.

Mr E B Ferguson of Bangor, entered one-fourth acre of Ruta Baga Turnips, of which there was a very nice sample of one-half bushel but accompanied with no statement whatever in regard to cultivation, therefore we have to pass over him.

We would further say that Mr Bartlett of Orono, had a very nice specimen of one hundred and nineteen different varieties of beans.

Your committee would further say that, if the farmers after they have entered their field crops of wheat, corn, oats and potatoes for premiums, would furnish a full statement of the manner of their cultivation, it would be very much more satisfactory to your committee, and also to the community at large.

The statement of Mr Bartlett, in regard to his potatoes, was, the land on which they were grown was an old worn out mowing field that would not produce over three hundred pounds of hay to the acre. Plowed the first of June 1873 the land, was then harrowed and furrowed three feet apart and about three cords of manure strewn in the furrow, and the potatoes dropped in the manure. These were the Early Rose, the half acre of Orono was ploughed at the same time and was of the same kind, but without any manure.

The mode of cultivation by Mr Dearborn of his half acre of beans the estimation was that the land would produce about one ton of hay to the acre. Plowed in the Spring of 1872, spread on three cords of manure to the acre and planted to potatoes. In Spring of 1873 plowed and spread on two cords of manure to the acre, then furrowed two and one-half feet apart and planted in drills.

The land of Mr Hall and the mode of cultivation the same as Mr Dearborn.

All of which is respectfully submitted.

Judges—A W McMahon; J E Shaw, Hampden; T R Copeland, Orrington.

ENTRY BOOK NO 24—VEGETABLES.

Best exhibition and greatest variety of vegetables. 1st premium to State Agricultural College, Orono $8 00

Judges—E B Stackpole, Kenduskeag; B A Burr, Bangor; J H Davenport.

ENTRY BOOK NO 25—BUTTER.

Best butter. 1st premium to Mrs D A Murphy, Belfast 15; 2d Mrs J E Shaw, West Hampden; Mrs George Sawyer, Exeter

Best cheese, domestic. 1st premium to Mrs Jacob Eastman, Exeter; 2d Mrs Stephen Steward, No New port

Best factory cheese. 1st premium to Jay Cheese Factory, Diploma

Best specimen maple syrup. 1st premium to A W King, Charleston 4

Best specimen of honey. 1st premium to R S Torrey, Bangor; 2d Wm Cousins, Upper Stillwater 1

The Committee on butter, cheese, maple syrup and honey present the following report:

While your Committee are happy to say that in the entries for butter, there is much to be said in praise of the quality of the article presented, they are sorry to add that they were so few in number. Only fourteen competitors have offered for premiums the choice productions of the dairy of Maine. Few as these exhibited specimens were, it was no easy task for the Committee to decide which was the best, where all deserved a premium. After much hesitation, we have decided to give the first premium to No 357 Mrs D A Murphy, Belfast. The second to 161 Mrs J E Shaw, Hampden. The third to 255 Mrs W A Clark, Bangor. Honorable mention ought be made of all the competitors.

There were only two entries for domestic cheese. Our women seem to shrink from competition with the newly organized cheese factories, whose gigantic productions are of mammoth size. But however excellent the work of these factories may be in the future, at present there is no occasion for the ladies to fear that their handiwork will suffer in the comparison. At any rate the specimens on exhibition were decidedly in favor of the domestic productions so far as quality is concerned.

We give the first premium to No 16 Mrs Jacob Eastman, Exeter. The second premium to Mrs Stephen Steward, North Newport, No 187.

It was far more difficult to decide on the relative merits of the factory cheeses. In magnitude were the measure of merit the Newburg would claim the pre-eminence, but as the Committee decided that size was not the measure of merit they give the first premium to North Jay. If there were a second and a third, we should give them to South New burgh and Ix Miles Falls.

Judges—F Allen, Orono; Dr O N Bradbury, Springfield; Henry Ingalls, Wiscasset.

ENTRY BOOK NO 26—FARMING IMPLEMENTS AND MACHINES.

Woodward Thompson, Gardiner, road scraper, Diploma

Isaiah Frye & Son, Portland, cast iron plows, Diploma

Isaiah Frye & Son, Portland, steel plows, Diploma

D M Dunham, Bangor, Chandler's horse hoe, Medal

D M Dunham, Bangor, tobacco hoe & tack ment, Diploma

D M Dunham, Bangor, Randall's wheel harrow, Medal

D M Dunham, Bangor, hand loom, Medal

D M Dunham, Bangor, spinner, Diploma

A I Dunnison, Portland, Warren hoe, Bronze Medal

R S Torrey, Bangor, bee-hive, Bronze Medal

James Robinson, Carmel, feed rack for sheep, Diploma

W Hall, Brewer, churn, Diploma

W Hall, Brewer, apparatus for making butter, Diploma

B Emery, Frankfort, adjustable gear for churns, Diploma

S J Newell, South China, Newell's improved harrow, Diploma

D S Whitten, Monmouth, pruning shears, Diploma

A D Huntley, Smyrna Mills, reversible treadle power for churns, Diploma

A J Nellis, Pittsburg, Pa, harpoon hay fork, Diploma

A J Nellis, Pittsburg, Pa, Nellis's apple parer, Diploma

A J Nellis, Pittsburg, Pa, Nellis pulley, Diploma

A J Nellis, Pittsburg, Pa, steel cultivator teeth, Diploma

G E Dyer, New Sharon, stump and stone extractor, Medal

Russell Pratt, Buckfield, American washer, Diploma

Fossett, Reed & Co, Riverside, brooms, Diploma

C A Lang, Palmyra, Me, corn husker, Diploma

A B & H O Hallowell, Bangor, hay excelsior, Diploma

Fred Atwood, Winterport, Eagle Seed sower, Victor Hoe with Attachments, Gray's Wood Sawing Machine, Clipper Wheel Hand Hoe, Gray's Fan Mill, Clement & Nesley two horse Cultivator, Side Hill Plow, Bag Holder, Fruit Gatherer, Feed Dishes for Fowls, Cider Mill, Coffee and Corn Mill, Feed Cutter, Sausage Stuffer, Garden Roller, Rotary Apple Parer, Cast Steel Garden Rake, Ames' Patent D H Spade, Set Garden Tools, Hydraulic Ram, Nellis' Post Auger, each a Diploma.

Fred Atwood, Winterport, Gray's Horse Power, Hay Spreader, Gray's Thresher and Separator, Campbell Eagle & Plow, French's Cultivator, each a medal.

Fred Atwood, Winterport, Eagle Pruning Tool, Excelsior Lawn Mower, Blanchard Pride Churn, Cucumber Wood Pump, Excelsior Wringer, Corn Sheller with Balance Wheel, Meat Cutter, Wagon Jack, Ames' Patent D H Shovel, Barr's Manure Forks, Cider Mill, Boomer's Cider Press, each a Bronze Medal.

Messrs. Fred Atwood, Winterport, and D M Dunham, Bangor, are worthy of special commendation, for their valuable displays of farming implements. If the "Dirigo" State had more of the "same sort," our exhibitions would always be a "success." From the elaborate reports of the Committee accompanying the above awards (a copy will be sent to the Farmer) we are gratified to learn that steel plows and mowing machines are manufactured in Maine, the former by Frye & Son, Portland, and the latter at South Hope, by [illegible]. SECRETARY.

The Judges of "Farm Implements and Machines" occupy one of the most difficult and important positions assigned by you.

To properly discharge its duties requires a kindly combination combined with sound judgment. [illegible]

[illegible]

not been that the Mower Patents were held by parties out of the State we should, without doubt, have had one or more manufactories within our borders.

We have the genius, Maine possessed sufficient inventive talent to get out a good mower. We are glad to see this one as an evidence, by the side of the older machines, which have already worked their way to a good degree of popularity.

The progress made in this class of farm implements during the last ten years has been great. We know that many then thought perfection had been reached, that they were good enough.

In nothing, however, is the untiring industry of our mechanics more apparent than in the improvements brought out and applied to these machines.

The most notable and to our mind one of the most important, of these improvements is the substitution of iron for wood frames. It is a great step in the right direction. It makes the machines lighter, while at the same time they are stronger and more durable. The writer well remembers the opposition made by the farmers to the first Iron Frame Machines. They thought of them as their fathers did the "Iron Plows—They would break all to smash."

Where is the man who would now go back to "Wooden Plows?" He can't be found. And the same will soon be true of the man who uses wood framed mowers.

We have neither time nor space to enumerate other improvements. Besides it might seem invidious were we to decide (even if we could) which is best without an opportunity of testing them.

HORSE RAKES. There were three exhibited—The Hollingsworth by Fred Atwood, the Tiger by A L Dennison, the Whitcomb improved by Peter W Ayer.

Each of these Rakes has excellencies peculiar to itself and strong points of merit were claimed and apparently proved by the exhibitors.

Under the rulings of the Trustees we are relieved from the thankless task of discriminating between them. We however believe either worth double the price demanded, and that no farmer should consider himself equipped without one.

STEEL PLOWS. Your committee were pleased to see this class of plows on exhibition—steel being acknowledged by all familiar with such matters the best metal for such implements.

We were also glad to learn that their manufacture was already established in the State by Isaiah Frye & Son, Portland, Me.

There is but one other concern making steel plows in New England, viz: Ames Plow Co., Boston, Mass. Their plows—Knox's Pat Hard Steel plows were also exhibited by Fred Atwood, Winterport, Me.

ROTARY HARROW.—S J Newell's Patent Rotary Harrow was exhibited in operation by the General agent.

The shape of the teeth in this harrow is peculiar and they are set in small circular frames which turn in durable bearings securely fastened to the under side of the triangular or main frame. These small frames are caused to revolve by the action of the ground upon the teeth when the harrow is drawn over it.

This arrangement forms an implement which will clear itself at all times and allows it to perform the greatest amount of work with the least labor.

Every farmer well knows how useless a harrow becomes when clogged. It is, therefore, a great point to have it self-clearing.

The difference in the resistance of a tooth one inch in diameter when clear, and the same tooth clogged and two inches in diameter is as the square of their diameters or as 1 to 4. In other words the traction of the clogged tooth is four times greater than the clear one. This is one reason why this harrow hauls easy and does well.

The peculiar action of this Harrow levels the ground as well as pulverizes it. The harrow here exhibited cuts seven feet wide. This implement is simple, inexpensive and should be examined by every farmer.

Your committee were pleased with its operation and award the First Premium, a Diploma, to S J Newell's Patent Revolving Harrow. Geo. Wm H Downs, Agent, East Newport, Me.

TRUE'S POTATO PLANTER. The writer of this has for a long time, been willing that a machine for doing this work would be perfected. The inventor has been persistent in his efforts to make it a success and, it is awarded the premium. [illegible]

There are few if any implements, which accomplish more for the farmer than this—certainly none for the money.

It furrows, drops the potato, drops it with or without the fertilizer and covers all at once, passing over the ground and in the same time that would be required to furrow the same land to plant the old way.

It makes a great saving both in time and labor and at a season when labor is scarce and high and time precious.

They are in use in different States and the reports from all prove it a success beyond a doubt.

It ought to be on every farm of any pretension, or at least in every neighborhood. The time is not far distant when farmers will say, How have I ever got along without it?

CORN HUSKER. Corn Husking by Machinery is a field which has been very diligently cultivated by inventors with only indifferent success, there being but one or two machines at most worthy the name and these so expensive as to be beyond the means of the common farmer.

The Husking Machine exhibited by C A Lang, Palmyra, Me., is a novel affair, and though simple displays a good deal of ingenuity.

It did its work well but we did not see enough of it to give an intelligent opinion. It is cheap and simple and we hope it will meet the long felt want in this part of farm labor. We think it worthy the attention of farmers.

Several new articles from out the State were presented by A J Nellis, Pittsburg, Pa, in person. Mr Nellis is a large and in fact all the manufacturer of farm implements and parts thereof from direct steel. While we of the East have been sticking to and using our cast iron plows, cultivators and harrow teeth, as well as many other parts of implements of the same bulky material with our thought of care, the West have been substituting steel and wrought steel, too.

This can be pressed or stamped into any desired form when hot and afterward tempered. They can be easily sharpened, and will be as much more effective in the earth as are sharp steel to the ever those of cast iron for wood. Some idea of the extent of Mr Nellis' business may be formed from the fact that he makes over six hundred different patterns of such articles. His cultivator teeth on exhibition were really models of excellence as were all his articles. And no sensible farmer would think of going back to cast iron after once using them. We hope the farmers of Maine will be fortunate enough to have his goods placed within their reach.

Mr Nellis is also the owner and maker of the Original Harpoon Horse Hay Fork, one of which was on exhibition together with pulleys and grapples for working it.

ROAD SCRAPERS AND PLANERS.—The making and repair of our roads is an important matter in any where. It does not receive the attention it deserves, judging from the way the money and labor are usually expended. It is really a more scientific matter to make a good road and keep it in proper repair than most people think. But few improved tools have been introduced. The plow, old fashioned scraper, cart, shovel and hoe are considered sufficient. Mr W Thompson, of Gardiner, one who is very much interested in such matters, Mo has constructed a set of implements for carrying and dumping the dirt where needed, also for smoothing and levelling the roads in a very expeditious manner. We believe, in fact we know, he is on the right track.

The proper time of the year to repair the roads is in the Spring. The sooner after the snow is off the better—*provided* one has the proper implements. Mr Thompson has kept this idea in mind, and constructed his implements accordingly.

The writer happens to know several men who use similar tools and have built roads in their limits than elsewhere, at one-third to one-half the expense of the old way. This may seem a strong statement, but facts are stubborn things.

Mr Thompson also exhibited a full sized working model of another important improvement—it is an Extension Chair Rail for Railroads.

In a hot day the rails expand—in very hot weather they elongate to such an extent as to cause a movement to bulge up and draw out the spikes which hold them in place. When the train reaches the spot, the rails spread and off it goes. A great many inventions have been tried to remedy the difficulty, but none have possessed merits enough to commend themselves so far as we know. We are not well enough versed in Patents to enable us to say whether anything like this, in part or wholly, has ever been patented. But this much we can say, that it does, in our opinion, possess strong points of merit. We learn from Mr Thompson that some of them are wanted at once to test their practicability.

CHURNS.—There was not so large a display of these indispensable machines as we have before seen at our Fairs.

There were two new inventions which can be applied to revolving dash churns. One was a Reversible Treadle Power, exhibited by A D Huntley, Smyrna Mills, Me. The operator churns with his feet standing upon the treadles, using each foot alternately, giving a back and forward motion to the dash.

The other was an Adjustable Gear for Churns, by which the speed of the dash can be changed in a moment, fast to slow, as the cream thickens, or when the butter is gathered. This improvement can be applied to any revolving dash churn, and its speed regulated to suit the strength of a child or man, as desired. It is simple, cheap and a good thing.

WASHING MACHINES.—We never saw so few at any Fair. We saw but three—one of which was in operation.

The American Washer was exhibited by Russell Pratt, Esq, of Buckfield, Oxford County, Me. It is a true Live Yankee style. It always managed to have a crowd near him whenever he chose. We hope he will be successful, for a good Washing Machine is a boon in any family.

EXCELSIOR MACHINES.—This word Excelsior here means wood shaved into thin, narrow shavings, by machines specially adapted for the purpose. It is used by upholsterers, packing trimmers, for packing goods, and to some extent in other trades.

There are two different machines for making it running in the State: one a reciprocating, the other Rotary, so called from the motion of the knives. Your Committee are called upon to decide their comparative merits, judging only by its work and the standing of the product in the market.

There were two samples of Excelsior presented for our examination. One by A. B. & H O Hallowell, the other by Stone, [illegible] Both [illegible] the first named parties [illegible] A. B. & H O Hallowell therefore award a Diploma for specimen of Excelsior made upon Grant's Patent Excelsior Machine.

BROOMS.—Last, but not least in importance, were two dozen brooms, exhibited by Fossett, Reed & Co, Riverside. Me.—It is seldom one sees such [illegible] "A new broom sweeps clean," it is said. [illegible]

Now a word more, before closing our remarks upon some of the leading articles [illegible]

[illegible]

Hosea B. Carter, East Hampden, S[illegible] mower and binder, Diploma

Judges—Frank Buck, Orono; Marshal Whitehead. [illegible]

ENTRY BOOK NO 28—HARNESS AND SADDLERY. [illegible]

ENTRY BOOK NO 29—MANUFACTURE OF MACHINERY IN MAINE, 1873.

The committee on woolen and cotton goods manufactured in the State by machinery would report that the best piece of cassimere was [illegible] Sabattus Mills and is entitled to a Medal

Best piece of doeskin, the same, Medal

Best piece of fancy cotton cloth was offered by the Androscoggin Mills, Lewiston, and is entitled to a Medal

Best wide sheeting, the same, Diploma

Best common width sheeting, the same, Bronze Medal

Best woven bags offered by the Lewiston Mills and entitled to Bronze Medal

The Franklin Co offered a case of 20 pieces fine sheeting.

The best display of goods was by the Bates Mill of Lewiston and they are entitled to a prize of $25 00.

Very many of the articles exhibited by them would justly have been entitled to a prize, if [illegible] We desire to make special mention of their beaver cloths and quilts. For the latter we would recommend a Medal, believing that the time has come when our people would not rely upon or make use of foreign quilts when such elegant goods can be had of home manufacture.

Both the Andros[coggin] and the Lewiston Mills had a fine display of goods.

Cotton Yarn was offered by the Bates and Androscoggin Mills, of excellent quality, but the numbers were so wide apart we could not decide which was the best.

Though not of Maine manufacture we cannot but mention the fine display of Rugs and Carpeting offered by A H Roberts & Son, of Bangor.

J S Wheelwright, S C Hatch, Joseph F Snow, Committee

ENTRY BOOK NO 30—CARRIAGES AND SLEIGHS.

For best carriage. B S Thoms, Bangor, Diploma; A C Hallett, Bangor, Worthy

For best sleigh. Smith & Cobb, Gray

Messrs C P Kimball and Z Thompson Jr, of Portland, both had a fine display of carriages, but from some misunderstanding between the exhibitors and the men in whose care they were sent, they were not entered upon the Society's books and consequently no awards were made.

Judges—J P Osgood, John Knowlton.

ENTRY BOOK NO 31—FURNITURE AND WOOD WORK.

Best set of furniture. 1st premium to Geo W Merrill, Bangor, Diploma

Recommend to C C Prescott, Bangor, for Parlor Suit, Diploma

Recommend to Dole Brothers, Bangor, for Parlor Suit, Diploma

Recommend to Harlow & Hunt, Portland, for Sofa Bed, Diploma

Judges—John Knowlton, N Chesterville; Dr J T Osgood, Ellsworth.

ENTRY BOOK NO 32—STOVES AND FURNACES.

Winter is coming. How are houses to be warmed? SECRETARY.

ENTRY BOOK NO 33—SILVER BRITANNIA, GLASS, STONE WARE AND CUTLERY.

Best nickel plated goods. 1st premium to Auburn Foundry & Manufacturing Co, Diploma

Best surgical instruments. 1st premium to Harlow & Sweet, Bangor, for instruments made by Geo Tiemann & Co, New York, Diploma

Best dental instruments. 1st premium to Harlow & Sweet, Bangor, for instruments made by S S White, Philadelphia, Diploma

2d premium to Dr J S Babcock, Diploma

Best cutlery. 1st premium to Buzzell & Hersey, Bangor, Diploma

Best display of hardware. 1st premium to [illegible] Bangor, Diploma

Best chemicals. 1st premium to Harlow & Sweet, Bangor, for chemicals made by Powers & Weightman, Philadelphia, Diploma

Best Perfumery, &c. 1st premium to Harlow & Sweet, Bangor, for excellence of Pharmaceutical preparations and Perfumery, Diploma

Judges—Albert Noyes, J W Lang.

ENTRY BOOK NO 34—BOOTS AND SHOES.

1st premium to Thomas Hersey, Bangor, Sewed Calf Boots, $

1st premium to Thomas Hersey, Bangor, Pegged Calf Boots

1st premium to Thomas Hersey, Bangor, Thick Calf Boots

1st premium to F Batchelder, Brewer, Thick Calf Boots

1st premium to Thomas Hersey, Bangor, best display

The Committee make favorable mention of display of Boots and Shoes by Messrs. Buzzell & Shaw, Bangor, and of superior leather by H Crehore, Lincolnville. They regret that manufacturers of Boots and Shoes did not more generously exhibit.

Judges—Amos Pickard, Bangor; A B Buzzell, Amherst; Chase, Marlaville.

The Committee regret that the many manufacturers of Boots and Shoes in the State did not more generously exhibit their products, but we are satisfied from the superior specimens of work exhibited by Mr Hersey of Bangor, that the manufacturers of our State can compete successfully with those of any other State in this branch of industry, and your committee would venture to express the hope that our people will patronize our home industry at all times, thereby foster our manufactories which are proving to be so anxious to build up and encourage in our own State.

Amos Pickard, A B Buzzel, Chauncy Case, Committee

ENTRY BOOK NO 35—PAPER, PRINTING AND BINDING.

Best specimen of printing. Samuel S Smith & Son, Bangor, Medal

Judge—B A Burr, Bangor, Chairman.

ENTRY BOOK NO 36—MILLINERY, HATS, CAPS, AND FURS.

Thomas Hersey, Bangor, recommended on Fur goods, $5

Judge—Manley Hardy, Brewer, Chairman.

ENTRY BOOK NO 37—FINE ARTS.

1st premium to J P Hardy, Bangor, best display oil painting by an Artist in Maine $30

P H Holmes, Gardiner, best oil painting 15

1st premium Mrs W F Shaw, Bangor, painting in water colors 5

1st premium to Messrs Conant Bros, Lewiston, colored photographs 3

1st premium to Victor Brett, Bangor, best pen and pencil drawing, Diploma

1st premium to Mrs W F Shaw, Bangor, best crayon drawing, Diploma

1st premium to E F Hitchings, of Agricultural College, best topographical drawing, Diploma

The Judges on Fine Arts respectfully report the above awards of premiums. They also deemed proper to notice the various collections of Mr Wesley Webber, of Gardiner (3) and Miss Sarah H Allen of Waterville.

They desire to state that they could have performed their duty much more satisfactorily to themselves had they been at liberty to assign the accent premiums in each class for which awards were made. A number of paintings and drawings evincing a good degree of skill on the part of the artist would thus have been brought to public notice.

Judges—M C Fernald, Mrs W C Pitman, W A Pike.

Additional to the awards made by the Judges is above the Executive Officers desirous of expressing their appreciation for the display of the beautiful award—

Mrs J B Ricker, Bangor, exhibited 10 pictures. The picture of the "Adirondacks" and Fruit were very attractive.

Miss Fannie L Hight, Bangor, paintings, Gratuity

Miss Nellie Cates, Bangor, 2 pictures

Mrs Thomas Hersey, Bangor, 5 pictures

Miss L C Burr, Holden, 4 pictures which attracted much attention

Miss Olive F Head, Sumner, Wreath feather flowers, beautiful, Gratuity $1

Miss H S Savage, Bangor, Grass House, Gratuity

R B Coke, Specimen of writing

Mrs W O Ayer, Bangor, 2 Feather pictures of fine artistic skill

Miss Hattie Blaisdell, Bangor, 5 oil paintings, Worthy

Master Henry J Jones, Hallowell, Oil painting, Gratuity

Mrs O H Ingalls, Bangor, Floss picture

Mrs Rhoda Crocker, Bangor, 87 years old, satin yarn

L C Ewer, Bangor, oil painting

ENTRY BOOK NO 38—MUSICAL INSTRUMENTS.

Reed Organ, made by Mason & Hamlin, exhibited by F S Davenport. This instrument with five stops is one of the makers best. The quality of tone good, even and smooth, not reedy. For an instrument of this capacity, and price, we think it hard to find a superior.

Haynes Piano, exhibited by F S Davenport. A most excellent instrument. The quality even round and full, showing the effect of the important improvements made in these instruments in the last few years.

Miller Piano, exhibited by F S Davenport. A very fine 3-string piano, combining all the late improvements responding readily to the touch, and showing an evenness and roundness of tone so much desired in a good instrument, but often failing in this respect.

Boudoir Organ, J Estey & Co, Manufacturer, exhibited by Patten & Wheelden. Your committee can hardly find language to express their admiration of this noble instrument. We have never seen a more perfect instrument, combining as it does all the late improvements. The harmonic attachment and manual Sub Bass, we were particularly pleased with, as it makes the instrument compare favorably with large size church organs. The tones of this organ are unusually smooth and sweet. Superior to any we have ever examined. No one with an ear for music, can fail of being delighted as he listens to the instrument as it pours forth its rich tones of unequalled richness, in the hands of a skilful player.

Reed Organ, made by Pelton & Co, exhibited by F S Davenport. This organ is one of the best we have met with. The tones are full, round and sweet, and of sufficient compass to fill a moderate size church. It responds readily to the touch and is unusually brilliant for one of the size.

T G Stickney, Samuel F Cobb, Committee

ENTRY BOOK NO 39—MINERALS AND CURIOSITIES.

Best display of minerals. 1st premium, Moses Webster, Vinalhaven, for display of granite, Diploma

Recommend to Hallowell Granite Co, Diploma

[illegible]

ENTRY BOOK NO 40—MANUFACTURES OF [illegible]

For best inner sleeper, Mrs J E Cunningham, Bangor

For best woolen yarn, Miss Mrs William Cleaves, [illegible]

MONDAY, SEPTEMBER 29, 1873.

THE FINANCIAL SITUATION.

Our despatches from all parts of the country relative to the financial situation are so voluminous and contain so much verbiage not essential to the information conveyed, that we present the following summary of the main points given in a large mass of Saturday's telegrams from various sections.)

In New York the smooth working of the bank arrangements and the announcement that the confused stock operations had been so far adjusted as to warrant opening the Exchange on Tuesday had greatly tended to restore confidence, and the official announcement that the Treasury will anticipate the payment of the November interest, amounting to some $14,000,000, increased the feeling of encouragement. The principal trouble is now felt in reference to foreign exchange and measures of relief are under consideration. The President of one of the city banks urges an immediate resumption of specie payments, claiming that the great demand for currency renders the movement especially feasible and that such action would at once add $3,000,000 of relief to the currency. The day closed with a decidedly improved feeling among all classes.

In Chicago, the suspended banks were admitted to vote at the Clearing House meeting, and the President of the Union National said the Directors would hold themselves individually responsible for the payment of all present and future deposits. He stated the assets of the bank at $4,300,000, not over $50,000 of which was doubtful. At a meeting of the Clearing House in the evening two plans for taking action similar to that in New York were reported, but after discussion both reports were tabled. Considerable currency was received Saturday and there has been no serious drain upon the national or savings banks. People were taking matters quietly and it was generally believed that matters will soon come straight.

The Cincinnati Chamber of Commerce unanimously adopted resolutions indorsing the precautionary measures of the banks, and expressing full faith in the solvency of those institutions and the integrity of their managers. The excitement had all subsided, prices had stiffened materially, a fair amount of currency had been disbursed to mechanics and tradesmen, and a healthier tone prevailed in all circles. Some of the banks received as much currency as they paid out, and manufacturers were generally well supplied with funds for current wants.

The Philadelphia Board of Brokers on Saturday, passed resolutions attributing the panic to the excessive development of railroad interests and over trading; indorsing the action of the Secretary of the Treasury in coming to the relief of business interests; urging him to bring before Congress a plan for a general banking law to extend the present system; declaring that our great resources of crops and general productions are more promising than ever; that the sudden and wild decline in values is solely the result of panic; deprecating the sacrifice of securities and condemning those who for personal profit would aggravate the present evils.

Saturday closed in Baltimore without additional excitement or reports of any failures. Money was still tight, but the banks paid out liberally on small checks to supply the business demand.

In Knoxville and Memphis, Tennessee, and Allentown, Pa., the banks temporarily suspended currency payments on large checks. The First National of Memphis is found in a better condition than expected, and steps have been taken for immediate resumption. The Montgomery, Ala., banks have more deposits than drafts; are stronger than before the panic, and will not suspend. A better feeling is reported at Augusta, Ga., and the suspended banks are expected to resume currency payments early this week.

In Louisville, Ky., seven savings banks temporarily suspended after a heavy run; but all have ample resources. The other banks are heavily drawn upon but are reported all right. In Dubuque, Iowa, all the banks but the Commercial National have partially suspended, and the Merchants' National has suspended entirely. The others are cashing all moderate checks and the run on the savings banks has entirely subsided.

At Salt Lake City the First National bank was closed, owing to inability to obtain currency; but its liabilities are amply secured. The other banks are meeting all demands, and Wells, Fargo & Co. and other heavy firms are prepared to stand any probable run.

The general tenor of the despatches shows business good throughout the country, the banks with very few exceptions are entirely sound and the suspensions have been rendered necessary to prevent the drawing away of the local currency balances. With an adjustment of the tangled affairs in New York city, we may expect a prompt resumption of full payments and active trade in all quarters.

The *Commercial* gives a little display of the malignity which it cherishes towards the soldiers who fought *for* the Union, by copying from an obscure Pittsburg sheet, which was probably omitted from the list of invitations, a spiteful, half-assertion that the re-union of the gallant "Army of the Cumberland" was disgraced by drunken orgies in the presence of the President, General Sherman and Lieutenant General Sheridan. It is not yet forgotten that the Grand Army of the Republic were similarly slandered in this city by the same concern, under its other name of the *Democrat*, and that the falsehood was promptly branded by members of its own party. This willing circulator of libels upon the survivors of one of the noblest armies that ever trod a battle-field, should be reminded that those veterans were not intoxicated when they won victories for their country, and that throughout all history treason has been held more contemptible than drunkenness.

The *Northern Border* intimates that we have some one whom it calls "Diagones" connected with our establishment. We do not know any such gentleman, and if he spends his time around our office, it must be in the character of one of those invisibles with whom our neighbor has lately been holding communication. As we are not publishing despatches from the land of spirits, we have no use for such a reporter; and if our worthy friend will just go into the medium state and call him off we shall take it as an act of kindness.

The Aroostook *Times* wishes us to state that the Grand Jury of that county failed to indict it for libel on Llewellyn Powers Esq of Houlton; and indulges in some rather offensive congratulations upon what it calls its vindication of the "freedom of the press."—It does not state whether the jury were unanimous or otherwise.

As the purchase of $13,000,000 of bonds by the Government in New York reduced the currency balance in the Treasury to about $2,000,000, it will probably become necessary to draw upon the legal tender reserves for part of the current disbursements of the Treasury. The currency income of the Treasury is, however, maintained at its usual standard and in fact has rather increased during the panic. It is stronger in gold than [illegible] and is a condition to meet all the demands [illegible]

NEWS BREVITIES.

Bishop Farrel died at Hamilton, Canada, Saturday.

New York stock speculators are petitioning that the Exchange be opened.

The President has signed the commission of John M. Wilson, of Ohio, as Consul to Bremen.

Samuel J. Tilden declines re-election as a member of the New York Democratic State Committee.

It is reported that all the German banks in Louisville, Ky., have refused to pay currency for checks.

David Preston & Co., bankers, of Detroit, resumed business Saturday, after a suspension of two days.

The steamer Iowa, which sailed from Liverpool for New York, Saturday, took £500,000 in bullion.

Lowenstein, the Albany murderer, has been surrendered to the U. S. authorities by the Canada officials.

The printers' strike of the last two months at Ottawa, Canada, has concluded in the surrender of the workmen.

Affairs were very quiet Saturday morning in Wall street, outside of gold speculation which continues excited.

There was a report, Friday, that the commission houses of Zaldo & Co. and Drain & Co., of Havana, had suspended.

A warehouse and tenement on Canal street, Palmyra, N. Y., owned by C. H. Rogers, was burned Saturday. Loss, $9,000; insurance, $3,000.

The employes of the Pennsylvania Railroad at Mount Holly have struck on account of the order reducing the working hours to eight hours per day.

The weather observer at Kingston, Jamaica, reports to the Signal Office in Washington that an earthquake was felt there at 1:45 A. M. Friday. No damage reported.

The President has signed the postal convention between the United States and Newfoundland for the exchange of postal cards by the addition of one cent postage.

No visitors will be permitted to see the Bank of England forgers until the eve of their departure. Each one will be transported to a different penal colony.

In the Supreme Court at Boston, Saturday, Mrs. Flora E. Barry, the well-know choir and concert singer, was granted a divorce from her husband, Charles E. Barry, on the ground of cruelty.

The will of Rev. A. P. Cummings, opened at White Plains, N. Y., Friday, shows he possessed a considerable amount of worthless stock and had $27,000 deposited in the Union Trust Co.

Franz H. Worth, formerly Receiver of the Market Savings Bank of New York, died of cholera, on steamer City of Havre, six days out. The steamer is now quarantined at New York.

Dudley Norris, employed in the repair shops of the Boston, Concord & Montreal Railroad, at Lake Village, N. H., fell dead, at the depot in Concord, probably of apoplexy. He leaves a family.

The U. S. Marshal of the Western District of Arkansas, will discharge all deputies employed in the Indian country, on account of complaints of the expense of the district. The local papers are fearful of increased disorders.

By the accident on the Midland R. R. of New Jersey, the engineer, fireman, a brakeman and a station agent were fatally injured. The freight conductor's watch was slow and he was warned of the peril. The company lose $18,000 in rolling stock.

At the banquet of the Grand Lodge in the new Masonic Temple in Philadelphia, Friday evening, a cable message was received from the Grand Lodge of Egypt, stating that the members would assemble at high noon and pray for the prosperity of the Philadelphia Lodge.

The telegraph gives an account of the terrible sufferings of the crew of the brigantine Hound, of Halifax, wrecked in a hurricane Aug. 19. Three of the crew were lost and the remainder rescued in a feeble condition, having been on the wreck eight days.

We clip the following pleasant notice of one of our Representatives-elect, from the Machias *Republican*:

We learn that Silas C. Hatch, Esq., of Bangor who was last year a Representative in the Legislature from that city, and has been re-elected this year, is to be a candidate for State Treasurer the coming year. We are glad to learn that Mr. Hatch will [illegible] candidate for so important a situation. We knew him when a boy, and have watch[ed] [illegible] ready advancement in business and [illegible], with pleasure. We believe him to be a thoroughly honest man, steadfast and reliable [in] business, and one who has often been honored by his native city with important trusts and we bespeak for him an elevation to more important trusts in the State.

JAY COOKE & CO. A statement of the assets and liabilities of Jay Cooke & Co. at Philadelphia, New York and Washington has been prepared by them, to be submitted to their creditors. The following is a summary:

Liabilities, $7,929,406 26. Assets [illegible] receivable, bank, insurance and other stocks, bonds and real estate, $7,857,040 [illegible] loans to Northern Pacific Railroad Company [illegible] $3,750,000 of stock of the Oregon Steam Navigation Company, $1,500,000; loans to Northern Pacific Railroad Company [illegible] of the company, $4,068,215 09; second mortgage railroad bonds, stocks. &c. $2,530 [illegible] Total, $15,966,212.17.

A Philadelphia despatch says "the above exhibit of liabilities is exclusive of $[illegible] 140 99 of loans of the firm, which are fully secured by good collaterals. The [illegible] of collaterals upon these loans has been estimated and included in the assets. The firm expects soon to submit a proposition for settlement with its creditors, which it believes will be acceptable, although, of course, it will require time in the conversion of its assets.—The handsome showing made leaves no doubt of its ability to pay every dollar of its indebtedness with interest, and still have a surplus of several million dollars. A gratifying feature in the above exhibit is the fact that although some of the embarrassments of the firm were occasioned by its large advances to the Northern Pacific and connecting roads, which it was carrying during a period of unprecedented monetary stringency, its resources outside of these advances are amply sufficient to secure all its creditors from ultimate loss."

PRECAUTIONARY SUSPENSION OF THE BOSTON BANKS. At a meeting of the Boston Clearing House Saturday morning at which every bank in the city was represented it was unanimously voted to adopt the same course that has been found expedient in New York. Under this vote ten millions of dollars of Clearing House certificates will be issued, and loaned to the banks desiring them, on collaterals at the rate of seventy five cents on the dollar deposited. These will be used in the ordinary business of the banks, and large checks will be certified, as they have been to some extent for two or three days past, but small accounts will be paid in cash at the counter. The only difference between this plan and that adopted at New York is, that while the banks in that city "pool" their currency it is not done in Boston.

There has been some anxiety during the past two or three days at New York was drawing currency from Boston, and under the rule adopted by its banks [illegible] it is intended to stop this drain by this precautionary measure, which [illegible] [illegible]

the resolutions adopted, which were as follows:—

Whereas, the banks in all the large cities in the United States have deemed it prudent and expedient to suspend currency payment for large amounts, therefore,

Resolved, That the Boston banks as a precautionary measure for themselves and the mercantile community, and to prevent the consequent drain of currency from them, do, from this date, and until further action, adopt the same measure.

Resolved, That a committee of five be appointed by the chair, who shall have the power to issue loan certificates to the amount of $10,000,000, upon substantially the same basis as issued by the banks in New York city.

The Portland *State* referring to the report that Mr. Kasson will be a candidate for the Speakership, says:

We have no doubt, however, that Mr. Blaine will win, and also that he makes a better presiding officer than any member of that body knows how to be. Westerners say that it looks to-day in the West as though Speaker Blaine is ahead of all other men as to the next Presidency, and that if the party holds strong till then he will be the strongest man in it.

Special Notices.

Keys Lost.

IF THE LADY who was in T. Finson's Meat Market a few weeks since, and remarked that she had found a bunch of keys, will leave the same at Mr. Finson's, she will oblige the owner.

WHITE'S SPECIALTY

FOR DYSPEPSIA.

This is the only prompt, efficient and safe master of such symptoms as loss of appetite, heartburn, palpitation of the heart, dizziness, sleeplessness, melancholy, costiveness, wind, mental and physical debility, as well as many others, which if neglected, will soon place "*the house we live in*" beyond the reach of any remedy.

From the Boston Journal.

"DYSPEPSIA. White's Specialty for this aggravating complaint has been thoroughly tested by thousands who have been benefitted by it, and are willing to testify to its efficacy."

From the Congregationalist (Boston.)

WHITE'S SPECIALTY for Dyspepsia, for pure merit and virtue alone, is fast overtaking, and bids fair to exceed in its sale, all the old popular medicines of the day."

PRICE, ONE DOLLAR, PER BOTTLE.

FOR SALE BY ALL DRUGGISTS.

Re-opening of Music Hall!

Season of 1873-4.

New Dances, New Music, &c.

I would respectfully call attention to the fact that I have NOT given up MUSIC HALL, but on the contrary shall re-open it for classes, (with *new dances* and *new music*,) on WEDNESDAY AFTERNOON, October 1st, as follows

Masters and Misses at 2 o'clock.

As I shall introduce many new dances in this class (with a view to giving an exhibition in the Spring,) I hope to receive many of my former pupils this term.

Class for Adults,—Ladies at 7, Gents at 9, in the evening

This Class will be just the one in which to prepare for Assemblies the coming Winter, I shall teach the NEW WALTZ (so much admired in New York and Boston,) in all my classes, and which is really the *most graceful*, and at the same time *easy to learn* of any Waltz ever introduced in this country.

PROF. KIMBALL will preside at the Grand Piano, which is a sure guarantee for good music

TERMS—Masters and Misses $2 per month in advance. Class to meet Wednesdays and Saturdays.

Adults—Gents $6 for ten lessons and two assemblies; Ladies $3.

N. B.—Private lessons in the NEW WALTZ and all the round dances given at the Hall or residences.
M. H. ANDREWS, Teacher.

MAINE NEWS.

FROM BATH.
SHIP LAUNCHED
BATH, Sept 27

Successfully launched to-day from the yard of Wm T Moses & Son, a superior modeled and thoroughly built white oak ship of 1,000 tons, named Invincible, owned by the builders and Capt. Wm Strickland, one of the most able and most successful shipmasters ... ship Genevieve Strickland, who commands her. The Invincible is finely finished, ... first class, and is one of the best specimens of naval architecture ever built on the Kennebec. Her dimensions are as follows:—length of keel, 194 feet, length over all 210 feet breadth of beam, 40 feet 3 ... depth of hold 24 feet.

MARINE DISASTER
NEW YORK, Sept 28

The barque Sarah E Fraser, of Yarmouth, Maine, from Havana lost her deck load and received other damage in a hurricane on the ... and on the evening of the 17th inst. saw a vessel on fire but was unable to reach her on account of a dead calm.

Firms Resuming Business.
Exchange the Great Trouble

THE BANKS

NEW YORK, Sept 27 The officers of the various banks continue to express great confidence in the strength of their present position and ability to come through safely.

GOING ON.

The Times says that the friends of Clews and Howes & Macy are satisfied with their arrangement for resumption, and the latter report that they received considerable new deposits yesterday afternoon.

FLOATED GOVERNMENT PURCHASE OF EXCHANGE.

The Sun says: We learn from most responsible authority that the government yesterday purchased $1,000,000 of exchange on London for the current expenses of the Navy Department and $700,000 for the State Department. The transaction is said to have been made through a private banking house. The government deposited security for exchange in the Bank of England.

EXPORTS CHECKED

There will be a very perceptible diminution in the exports by to-day's steamer, and nearly all the competing Liverpool steamship companies have lowered their freight tariffs.

MONEY MOVEMENTS

The express companies say that the financial panic has only affected their business in the transportation of money for two days. Imports and exports to and fro from the city have now resumed their usual proportions.

THE STATEMENTS

1 P M The bank statement will not be made to-day. The Gold Exchange Bank is ... to-night. Every statement is received. The Clearing House Committee have decided hereafter not to make public the amount of ... certificates issued.

THE STOCK EXCHANGE

In the petition to the governing committee of the Stock Exchange, petitioners also ask that they will order the suspension of the rule applying to the closing of contracts under the rule for a period of three days ordering all parties who have outstanding contracts with members of the Board, to margin said ... on Monday to the market price, either by money or satisfactory securities deposited with the party to whom the difference shall accrue.

TO BE OPENED TUESDAY

2 P M The following notice has been issued: The New York Stock Exchange will open for business on Tuesday next, at the regular hour. The details of business will be arranged Monday morning at the meeting of the Governing Committee. H G Chapman, President.

A GOOD INDICATION

The above announcement indicates an improved feeling on the street this afternoon which has been brought about among other causes by a generally believed report that Vanderbilt's brokers have to-day effected a general settlement in their heavy stock transactions.

CARTE BLANCHE

The Bank Committee has authorized the Loan Committee to continue the issue of loan certificates, the amount being left to the discretion of the committee. The good effect of this action is apparent on the street.

A SNUB FOR THE BROKERS.

The bank committee to whom was referred the proposition of members of the Stock Exchange report that the suggestion that the banks guarantee certified checks to the extent of their associated capital, appears impracticable. In answer to other suggestions the committee says the proposed methods of relief seem to look exclusively to the convenience and safety of the Stock Exchange, without comprehending the danger and inconvenience to the banks.

FOREIGN EXCHANGE

At a meeting of the Produce Exchange this afternoon, the following committee was appointed to confer with the loan and Clearing House committees on the subject of foreign exchange. David Dows, Josiah M Fiske, S D Harrison, David Bingham, and Edward Hickson. This committee is an important one, as the attention of the public and of the mercantile houses is now especially devoted to the foreign exchange market and its connection with the export trade.

WALL STREET MORE CHEERFUL

3 P M The feeling in Wall street is rather more cheerful in its temper, and it is believed that the steady determination of the banks to maintain their action of paying currency only for small checks will stop the attempt to lock up greenbacks, and the position taken by banking houses which have suspended is one which inspires confidence.

RESUMPTION OF BUSINESS.

The plan proposed in circulars issued to the depositors is meeting with general favor. With Howes & Macy the depositors are increasing, and with Clews & Co. the result is gratifying. Mr Clews states that already several new accounts have been opened, and the old depositors are taking business as the house has virtually resumed payment. Mr Clews also states that the house will pay 100 cents on every dollar of its indebtedness.

NO FURTHER FAILURES

are reported, though another house was reported to be in trouble, and at a meeting of creditors it was decided to carry them through on an extension of paper.

TAX FRAUDS.

Investigation proves that the tax books of this city have been tampered with since first made up, many houses of prominent avenues being raised by the new figures at only $8,000 while the valuation of the Grand Opera House, which sold for over $1,600,000, has been reduced to $[illegible].

A Horrible Tragedy!
MURDER OF A MOTHER AND SISTER!
Their Bodies Placed On A Railroad Track!

SCRANTON, Pa, Sept. 27 David O'Mara was arrested, together with his hired man named Irving, charged with murdering his old mother and his partially blind sister and then placing their bodies on the track of the railroad. O'Mara inherited money on condition of his supporting his mother and sister.

WASHINGTON
A BETTER FEELING.

WASHINGTON, D C, Sept 27—1:30 P M The feeling here to-day has improved very decidedly in financial circles, and it is believed that the panic has spent itself and will now subside.

The statement of Jay Cooke & Co. is regarded as very favorable, and has had an assuring effect and exerted a good deal of influence in restoring confidence.

GOVERNMENT DRAFTS PROTECTED

The London house of Jay Cooke, McCulloch & Co have informed the Government that they will promptly honor all drafts drawn against Clews, Habicht & Co, so there is no danger of our Government losing anything by the suspension of the last-named house.

THE SUSPENDED BANK

In the Washington City Savings Bank now in the hands of a Receiver, there are about 2000 depositors, whose joint deposits will reach upward of $70,000 assets, supposed to be sufficient to cover the entire responsibility of the bank.

NO EXCITEMENT IN OFFICIAL CIRCLES

No excitement whatever exists in the Treasury Department, and the Executive Department is equally free from it. Since the official announcement that the President and Secretary of the Treasury could do nothing more to relieve the pecuniary embarrassment, no suggestions have been received from any quarter. The Treasury is discharging all its business as usual, with no interruptions in any branch of it, and all officials are as calm as if there had been no financial storm.

THE FIRST NATIONAL.

The report of the Receiver of the First National Bank shows that $100,000, the amount of surplus will cover the losses from realizing on its loans and discounts. If the indebtedness of Jay Cooke & Co is paid in full its capital stock would be unimpaired.

THE TREASURY BALANCES

To-day are	
Currency, less the amount paid for bonds in New York and not reported,	$14,751,985
Special deposit of legal tenders for the redemption of certificates of deposit,	11,390,000
Coin (including $66,315,000 in gold certificates)	$84,026,280
Legal Tenders outstanding,	356,000,000
The amount of fractional currency received from the printers for the week ending to day is	$1,167,900
Shipments,	1,413,570
Shipments of notes,	15,799,370
Amount held by the United States Treasurer as security for the National Bank circulation,	392,610,800
Received for public deposits,	1,575,000
Internal Revenue receipts to-day,	240,023
Internal Revenue receipts for the month,	8,342,881
Internal Revenue receipts for the fiscal year to date,	25,489,188
Outstanding National Bank circulation,	350,030,448

DEFERRED.

The Secretary of Treasury will not for the present issue his programme for the sale of gold and the purchase of bonds next month.

TAXES.

The Commissioner of Internal Revenue states that all taxes must be paid in legal tenders and currency.

PENNSYLVANIA
PHILADELPHIA AFFAIRS

PHILADELPHIA, Sept. 27 Matters are quiet on Third street. The scarcity of currency is the only trouble experienced from the panic. Many large manufacturing concerns have by great exertions raised a sufficient amount of currency to pay full wages to their employes while other firms have been able to pay only 50 per cent of wages due.

SUIT WITHDRAWN

3 P M—Samuel Josephs, an applicant for proceedings in bankruptcy against Jay Cooke & Co, has withdrawn his suit.

THE CITY BANKS

have generally paid out currency when needed to pay wages, and are discounting freely, giving an easier feeling in banking circles.

HEAVY RUN ON A READING HOUSE

READING, Sept 27 The banking house of Bushing & Bro, carrying over $2,000,000 on deposit, is sustaining a heavy drain today—Depositors from the country having $300 in the bank were paid that amount and no more. City merchants are receiving certified checks on this firm for produce. There is every confidence in the solvency of the firm.

YELLOW FEVER.
AT MEMPHIS

MEMPHIS, Tenn., Sept 28. There were 22 yellow fever interments yesterday. Total number for the week 98, against 128 the week previous.

SHREVEPORT.

SHREVEPORT, La., Sept 27. There were 10 interments to-day.

THE EPIDEMIC

exhibits no improvement unless in the smaller number of new cases reported to-day. There is a gradual increase on the outskirts of the city, where the attacks are not so violent. The malignity of the fever among old citizens is fearful. Among

THE PROMINENT DEATHS

to day were Maj. Jas. S. Ashton, John E McKellar, S C Leverett, Edward S. Pierson, Gen J ... Hodges, Chas. Wolf, Jr., Thos Garrett and Hugh Coyle. The government observer is dying. Lieut. E. O. Woodruff, of the U S Engineers, is not doing well. Rev. Father Biles died to-day, making three priests that have died, and a fourth is down but doing well.

A FEARFUL GLOOM

hangs over the people. There were 22 interments to day against 13 the day before.

WISCONSIN.
THE MILWAUKIE BANKS.

MILWAUKIE, Wis, Sept 27 The report that the banks here have suspended the payment of sums larger than $200 is a mistake. No such action has been taken. The banks are doing business as usual, except that they have stopped advances on produce until the Eastern banks are ready to respond.

LATER—ALL RIGHT.

MILWAUKIE, Sept. 28. The banks are paying all demands and transacting business as usual, the deposits during the week being in excess of drafts. Business has been dull but no failures. There have been but few sales of wheat. Over a million bushels are here waiting shipment to the East.

OHIO
TOLEDO BANKS STRONG.

TOLEDO, O, Sept. 27. The banks of this city passed over yesterday in good condition. Several of them are stronger than at any time since the beginning of the run. The single failure of a banking house (Kraus & Smith) has had less effect than was apprehended.

CLEVELAND CONFIDENT.

CLEVELAND, O, Sept. 27. There is but little excitement among the business men in financial circles in this city over the monetary troubles. A feeling of confidence prevails, and there is scarcely a doubt but what the Cleveland banks will get through all right. The savings banks have adopted the 60-days' notice plan merely as a precautionary measure.

FROM BOSTON.
FATAL ACCIDENT.

Mrs. Butler, an estimable lady of Chelsea, was killed today by a Boston & Lowell train on Chelsea bridge. Alarmed by the near approach of the train threatening collision with the car, she jumped from the rear platform of the horse car, immediately in front of the engine.

KENTUCKY.
BANKS SUSPENDED.

NEW YORK, Sept. 27—3:10 P. M. A special from Louisville says the German Insurance, Masonic Savings, German Central Savings and Western Bank have temporarily suspended. There is no run on the other banks. The Louisville Banking Co. also suspended.

NEW JERSEY.
THE BANK DEFALCATION AND SUSPENSION.

NEW YORK, Sept 27. The Directors of the New Brunswick, N. J., State Bank have decided to suspend indefinitely, as they find on examination that it is impossible to go on. Governor Parker is making vigorous efforts to arrest Woodworth and Appleton, though it was reported yesterday that they had fled to Europe. It is reported that warrants are out also for the arrest of the bookkeeper. The Meyer Rubber Co. lose a deposit of $75,000. The total defalcation will amount to between five and six hundred thousand dollars.

TEXAS
THE MAILS.

WASHINGTON, Sept. 27 Advices received at the Post Office department from Texas, state that the mail complications threatened in that State, owing to the opinion that the yellow fever would be introduced by means of the mails being transported through infected districts, have been amicably adjusted, and most of the connections are unbroken.

FROM CHICAGO.
BANK LOAN CERTIFICATES

CHICAGO, Sept 27. At a meeting of the Clearing House Association, a committee was appointed to draft a plan for the issue of loan certificates to be used in the Clearing House in the settlement of balances.

THE TURF.
FAST TROTTING.

WATKINS, N Y, Sept. 27. The stallion Confederate Chief trotted one quarter of a mile in 33 seconds at the fair here to-day.

DELAWARE.
REPORTED SUSPENSION

NEWCASTLE, Sept 27 The Farmers Bank of Delaware is reported to have suspended.

THE WEATHER
WAR DEPARTMENT,
OFFICE OF THE CHIEF SIGNAL OFFICER,
WASHINGTON, Sept 28—8 P M
Probabilities

On Monday for New England the pressure will diminish, with a gentle and fresh south east to southwest winds and possibly occasional light rain.

FOREIGN NEWS.
The Civil War in Spain!
BOMBARDMENT OF ALICANTE!
Fire of the Insurgent Fleet!
THE SQUADRONS OF NEUTRAL POWERS!
THE GERMANS ALONE PROTEST!

INTERVENTION FRUITLESS.

MADRID, Sept. 27 Gen Caballos and Minister Maisonave arrived at Alicante Friday, and were enthusiastically received by the people. The efforts of foreign consuls to prevent the bombardment of the city by the insurgent men of war failed. Admiral Yelverton declined to go beyond his instructions from London, which were to maintain an absolutely neutral position. All the merchant shipping left the port and anchored outside.

THE BRITISH FLEET

was moved in the harbor, on the right, the French on the left of the harbor and eleven other men of war including the Germans, occupied the centre. Inside of these lines the rebel iron clads Numancia and Mendez Nunez took up hostilities and prepared to bombard the place.

THE PLUCKY GERMAN

The German commander at the last moment offered to stop hostilities, but the English and French commanders refused to join him.

THE BOMBARDMENT OPENED

at 5 o'clock this (Saturday) morning and five hundred projectiles, some of which were filled with petroleum, were thrown into the city. Great damage was done and several edifices are in ruins.

A VIGOROUS FIRE WAS RETURNED

from the forts and batteries on shore with effect, for at the end of seven hours the rebel iron clads slipped their cables and withdrew in a damaged condition.

A WANTON OUTRAGE

Minister Maisonave telegraphed at noon to-day that the bombardment had ended and declared that it was a wanton outrage which should be held up to the reprobation of Europe.

RELIEF

The Victoria and Alamanza, recently released by the British, will be despatched to the relief of Alicante.

GREAT BRITAIN
DEATH OF A POET—RAILWAY ACCIDENTS

LONDON, Sept. 27 Julian Roderick Bendix, a well known German comic poet, is dead.

There were nine accidents on English railways yesterday. No one is reported killed, but a number were injured.

A NEW EMPEROR

Muley Abbas, brother of the deceased Emperor of Morocco, is proclaimed his successor.

FINANCIAL AND COMMERCIAL.

MONETARY AFFAIRS
NEW YORK Sept 27

To-day closed with decidedly an improved feeling in all directions. The decision of the governing committee to re-open the Stock Exchange next Tuesday started up the street. The speculative shares went up with a rush the rise having been from 5 to 15 per cent in less than 15 minutes.

Foreign Exchange closed with an improved tone the last quotable rates having been 104 a 104½ for prime bankers' 60 days sterling 105 for bankers' demand 105½ a 105¾ for cable transfers and 102 a 103 for 60 days commercial, and 104 for 3 days' sight.

There were no regular rates for money this afternoon, the loans having ranged from ½ per cent. per day to 7 per cent per annum.

Gold closed at 113¼, the lowest price of the day the highest having been 115¼.

The bank statement will not be ready before Monday.

The Stock Exchange is still closed. The following were the latest prices of stocks on the street—

Harlem,	106 bid
Wabash	41 "
New York Central,	92 "
Ohio & Mississippi,	28 "
Western Union,	60 "
Pacific Mail,	30 "
Northwestern,	40 "

SUGAR. Granulated sugar is worth about 12 cents and standard extra C 11¾ cents per pound.
CHEESE The best qualities of Western dairy and factory cheese are worth from 14½ to 15 cents per pound.
KEROSENE The best brands of kerosene oil are now selling at 20 cents per gallon, per bbl—barrels extra.

PRODUCE MARKET

HAY Loose hay has been brought into market during the week in fair supply for the demand and the best quality have sold from $12 to $15 per ton, while the poorest quality brought into market has sold from $10 to $12 per ton. Pressed hay is worth about $15 to $16 or $17 per ton for good up to the best quality.
STRAW Loose straw is worth from $7 to $9 per ton.
OATS The best quality of new oats on the market have sold during the week at 55 cents per bushel.
BEANS New yellow eyed beans are beginning to come into market quite plenty but the most of them are too soft for barreling. They are selling from $2.50 to $4.00 per bushel but the demand is not at all lively. The very best quality of hand picked pea beans are worth from $3 to $3.25 per bushel.
BUTTER. During the past week there has been but very little butter on the market and fair to good qualities of lump have sold current at 28 and 30 cents per pound. Packed butter we should quote at about 25 cents, though a very nice article might sell a trifle better.
EGGS Small fresh lots of eggs are selling at 26 cents per dozen.
POTATOES Early Rose potatoes are worth about 50 cents but Jackson and Orono being yet too soft for shipping sell at nominal prices from 40 to 50 cents per bushel.
TURNIPS Ruta baga turnips are worth from 60 to 70 cents per bushel.
GREEN APPLES are worth from $1.00 to $1.50 and $1.75 per bushel.
CABBAGES both Western and home raised are in the market in large quantity and are selling by the lot from $10 to $15 per hundred.
HONEY Nice honey in bulk or pails is worth 20 cents and in small boxes from 25 to 28 cents per pound.
CHICKENS are selling on the market from 15 to 18 and 20 cents though occasionally very extra lots have sold during the week at 22 cents per pound. Hens and fowl are worth from 12 to 15 cents per pound.
TURKEYS are occasionally brought into market and are selling from 15 to 20 cents per pound.
PIGEONS are worth from $1.75 to $2.00 per dozen.
FRESH MEATS. Round hogs are selling to be brought to when wanted or on call from 7½ to 8 cents per pound according to size and quality. Fresh beef is worth from the tables of the butchers from 7 to 10 and 11 cents per pound. Lambs are worth by the carcass from 8 to 12 cents per pound.
WOOD AND COAL Dry hard wood sells at $6.50 to $7.50 and $8.00 per cord according to quality and soft do at $4.00 to $5.00. Coal is now sold and delivered as per advertisement at $7.50 to $9.00 and $8.50 per ton. Salt coal sells at one shilling per bushel.
BARK Hemlock bark is brought into market in considerable quantity and selling at about $8.00 per cord.
WOOL &c. The best qualities of unwashed and washed wool are still selling at about 30 to 35 and 40 cents per pound. And wool skins are worth from $1.00 to $1.00 each. Hides are worth from 8 to 3½ cents per pound.

NOTICE TO MARINERS

A channel is to be dredged in the Back Bay from the Rochester depot to Tukey's bridge, Portland, of sufficient depth to float large vessels. It will run parallel to the ... way, with only 150 feet between and the ... space is to be filled in solid.

Fortress Monroe, Sept 26. The sub-marine cable which connects Fort Monroe Va by telegraph is laid from a point of rocks 300 yards east of Old Point Comfort light to the east end of the Rip Raps and thence to a bluff of pines about one mile east of Sewall's Point. Masters of vessels are warned not to anchor in line of these points or allow their anchors to drag in the vicinity of the cable if they can possibly avoid it.

MEMORANDA.

QUICK TRIPS Recently Capt. Ryder of sch ... left Belfast for Ellsworth loaded with staves for Eddyville N Y, discharged at the latter place thence to Rondout and took in a cargo of cement for Portsmouth ... and back to Belfast making the round trip in 18 days ...

Three ... belonging to Portland cleared a few days since to run through the winter from Barbadoes ... Charleston S C in the fruit business. More will probably follow.

The new ship Frank Jones launched at Kittery on Wednesday is one of the finest specimens of marine architecture ever sent out of Portsmouth harbor. Her dimensions are as follows—Length of keel 190 feet, length over all 212 feet, breadth of beam 39 feet 2 inches, depth of hold 23 feet 9 inches ... tonnage 1400. She was built by Daniel Marcy, John Neil, William Ross and others. Her builders were Neil & Matthews and she will be commanded by Capt Huse.

LAUNCHED At Bucksport Me 20th inst from the yard of ... & Co the superior double-decked barque Genera, 863 tons register built of the best materials and classed at French Lloyds. She is owned by the builders and others of Bucksport, John S Emery & Co and others of Boston and is to be commanded by Capt F W Gorham ...

The Boston Journal contributes to the humorous phase of the financial crisis, in this innocent manner. On Saturday it had an editorial on the "Community of Interest," in which it cited that Mr. Macy remarked on Tuesday that his was an "old fogey bank and not at all embarrassed by the panic," and on Wednesday Howes & Macy suspended. This incident is made the text of some grave remarks upon the folly of boasting. In the same issue it parodies Mr. Macy's self complacency by declaring that it is something to be proud of that amid the financial excitement elsewhere "there is no disturbance in our city, but everything is going along as usual;" and a few hours after that paragraph was printed the Boston banks followed the precautionary example of those in New York. The moral is that the Journal's theory of mutual inter-dependence is correct, but that it made the habitual mistake of regarding Boston as independent of the ... It is true, however, that Boston and other cities have only been compelled to adopt prudential measures on account of the ... [illegible]

LOCAL AND OTHER ITEMS

—The Somerset Railroad will be completed to-day.

—Wagner is learning the harness trade at Thomaston.

—New cesspools and sewer chimneys are going down on many of the streets.

—The thermometer indicated 84° in the shade at 3 o'clock yesterday afternoon

—A Teachers' Institute is to be held in Rockland commencing on the 7th of October

—It is reported that the Portland Cadets are soon coming to this city to give an exhibition drill

—Sharp lightning about two o'clock this morning indicated the presence of showers in the northeast

—Gordon will be tried for the Thorndike double murder at the October term of the S. J. Court at Belfast

—"Nopen" writes that the bridge across the Molunkus stream has been completed and is now travelled over.

—The granite for the Bucksport & Bangor railroad bridge is being quarried on the farm of Mr. Isaac Clarke, near Frankfort Mills

—Senator Hamlin will deliver the address before the Androscoggin Agricultural Society Thursday, Oct. 2d, at 10 30 o'clock, A. M. in Lewiston City Hall.

—The steamboat boiler now in process of construction at Sullivan & Kelly's boiler works, is, we believe, the first of its kind ever built in this city

—The Maine Conference of Unitarian Churches holds its tenth annual meeting in Kennebunk this week, commencing Tuesday evening, and closing Thursday morning.

—Mrs. James Sylvester of Lincolnville is now knitting with a set of needles on which she knit stockings for the soldiers in the war of 1812 and also in the war of the rebellion

—Apples are reported very abundant this fall in Patten, Sherman and vicinity, the trees being loaded with fruit there, while in most other parts of the State there is hardly half a crop

—Mr R W Sawyer, whose left hand and foot were crushed last Tuesday by falling under a train at Lincoln Center, is progressing very favorably and it is thought his foot will be saved

—We learn from Mr Snow, driver of the Belfast stage, that several stores in Stockton and Searsport were broken into Friday night by burglars who carried off a small amount of money from each.

—Joseph French, Esq, formerly of this city, and now of Newberne, North Carolina, has just returned from a few weeks hunting around Moosehead Lake and Mt Katahdin. He reports having shot three bears at the mountain

—It is rumored that Fred E Boothby, Esq., General Ticket Agent of the Maine Central Railroad previous to the "consolidation," and lately Freight Accountant on that line, is to be appointed Station Agent of the Maine Central at this city

—A young man on Ohio st. thought he heard a burglar the other night and fired his revolver into the air. He frightened the burglar, probably, and the descending bullet was near scaring into fits another young man walking up the street

—The following new version of "Uncle Ned" has been arranged for croquet players: "Then pull up the wicket and the stake, and put by the mallet and the ball, for no more croquet 'll be played this year, it's getting too late in the fall."—*Ken Jour*

—We print on our first page this morning the complete official list of premiums awarded at the late State Fair in this city. To-morrow we shall publish the official list of awards at the exhibition of the Maine State Pomological Society

—Thomas Kellan, an insane man, came to this city Friday morning and being very violent was sent to the Alms House. Here he became so frantic that it was deemed best to send him to the Insane Hospital and he was accordingly taken there Saturday by officer J P Pratt.

—Our correspondent writes that interest in the series of revival meetings which are being held in the Methodist church in Winterport is increasing. Several conversions have been made and the meetings will continue afternoon and evening during the present week

—The direct rays of the sun were very hot yesterday and the day before. A gentleman of our acquaintance placed a green apple on a window sill Saturday morning and yesterday morning he found the fruit completely baked through by the heat of the sun to which it had been exposed. Anybody who does not believe this can see the apple at this office.

PATENTS The following is a list of patents issued to Maine Inventors under date of Sept. 9th, 1873, reported by W. F Seavey, solicitor of patents

H B Sevey, Vienna, compound metal working machine
J R Becket, Cushing, street railway.
Jas Call, Richmond, centre board,
Joshua Waite, Yarmouth, car coupling

EXCURSION FROM ST JOHN. It is expected that a large number of people will take advantage of the cheap fare at which the E & N A Railway Co offers to bring excursionists from St. John to this city, and the special train which leaves St. John at 9 30 this morning will doubtless be crowded. It will reach this city at 7 30 this evening, and will return on Wednesday, leaving here at 9 A. M. and reaching St John at 7 15 P M

A CURIOUS COINCIDENCE. About a month ago the schooners Stormy Petrel, Maud Webster and Kate Walker arrived at this port in the same tow, each with a cargo of corn for A H Thaxter & Co, after discharging which, they loaded with lumber for different ports and sailed for their respective destinations. On Friday the three schooners arrived here again, each with a cago of corn for the same firm, and curiously enough, they came up river in the same tow. There's a coincidence for you!

COUNTY FAIRS The following County Cattle Shows and Fairs will be held this week—

Androscoggin, at Lewiston, Tuesday, Wednesday and Thursday.
Cumberland, at Bridgton, Wednesday and Thursday.
North Franklin, at Strong, Wednesday and Thursday.
North Kennebec, at Waterville, Tuesday, Wednesday and Thursday
Lincoln, at Wiscasset, Tuesday, Wednesday and Thursday
Piscataquis Central, Foxcroft, Wednesday and Thursday.
Waldo and Penobscot, at Monroe, Wednesday and Thursday.

CHASE AND CAPTURE. Complaint was made to City Marshal Bolton on Saturday that one Richard Welch had stolen some clothing from Hiram Brackett, from Mr. McDonough, and from Mrs. Johnson of Hampden, and as a natural consequence Richard Welch was wanted and couldn't be found, however anxious the people who had lost clothes might be to see him. Major Bolton thought he could find the man, and driving ... [illegible] ... charge was preferred ... about her clothes ... on going out to see what he was about, he made himself scarce and at the same time several shirts which were on the line before his visits were missing. Welch was brought to this city and locked up. He will probably appear in the Police Court to day.

THE PENOBSCOT CENTRAL AGRICULTURAL SOCIETY held its fifth annual fair and cattle show at East Corinth, Sept. 22d and 23d. Notwithstanding the recent State Fair at Bangor which occupied the time and attention of so many of our people, there was a large crowd in attendance, and on no previous occasion has this Society made so good an exhibition of stock and home products. Visitors from different parts of the county admitted that they had nowhere seen a better display of stock of all kinds than was here exhibited on the fair grounds. Nichols' Hall was tastefully decorated with the fair products of fair hands, while fruit, vegetables, field crops and dairy products in abundance, gave ample proof that all classes of our agricultural community are interested in perpetuating and making these fairs entertaining and profitable. All the exercises of both days passed off pleasantly and our farmers went home satisfied and encouraged to make greater efforts next year. The address, delivered by Mason S Palmer of Corinth, was clear, logical and comprehensive, highly complimentary to the speaker, and appreciated by the crowd who listened attentively throughout notwithstanding the disagreeable rain. Comprising within its limits some of the most fertile towns in the County this Society has worked hard for past success and the prospects for the future were never better than to-day. D

NATHANIEL HARLOW, Esq. the oldest resident of this city, died yesterday morning about 4 o'clock, at the advanced age of eighty eight years. He was born in Plymouth, Mass, August 17th 1785, and on the 14th of July, 1780, his parents removed to this city bringing him with them. His father took up one hundred acres of land, on the east side of the Kenduskeag stream, and put up a house near where the steam fire engine house now stands. Afterwards he erected the house now standing next above the First Baptist Church on Center st. His son, the subject of this sketch, built the brick house now standing on the corner of Prospect and Harlow sts, where he resided about ten years, whence he removed to the house now occupied by S. C. Harlow, Esq, on Center st, which he also constructed. This latter house when built was on the highest point of land on Mr Harlow's farm, and there was no road to it so that he was obliged to lay out and construct what is now Center st. Some fifteen years since Mr Harlow built the house on the corner of Center and Congress sts, in which he resided until his death. He constructed and owned many other buildings in the city, among which is the brick block on the corner of Harlow st. and Kenduskeag bridge, and the corner is still known as "Harlow's corner." He was in mercantile business for a number of years, occupying a wooden store on the site of the last named block, but store and goods were destroyed by fire and he never afterwards engaged in trade. Mr Harlow in the course of his life made large donations to religious objects, among which may be noted several valuable gifts of real estate to the Theological Seminary, in which institution he took great interest. Mr. Harlow had eight children, five died in infancy, and but two survive him—S. C. Harlow, Esq., and Sarah, wife of Rev L. G. Marsh.

The funeral services will take place on Tuesday morning at 10 o'clock, at Mr. Harlow's late residence, corner of Centre and Congress sts.

MAINE BOARD OF AGRICULTURE. A public session of the Maine Board of Agriculture, will be held at Frisbee's Hall, Houlton, on Wednesday, Thursday and Friday, Oct. 1st, 2d and 3d. An address of welcome will be given at 10 o'clock A. M., on Wednesday, Oct. 1st, by Hon. J. C Madigan of Houlton, followed by responses from the President of the Board and other gentlemen. During the meeting, lectures and papers will be given upon the following, among other subjects:—The Agriculture of Maine in relation to other industries, by Prof. M. C. Fernald, of the State College; Conditions requisite for the Elevation of Farming, by Hon Samuel Wasson; Brains in Agriculture, by Hon Edward Payson; Special Farming, by Z. A. Gilbert, Esq.; Our Dairy Interests, by J. W. Lang; The Breeding of Domestic Animals, by Warren Percival. In addition to the above, lectures may be expected from Rev C. F. Allen, D. D., President of the State College, Hon. A. M. Robinson, of Dover, and A. L. Simpson, Esq., of Bangor, and papers upon practical subjects from other members of the Board of Agriculture. Following the reading of the papers, ample opportunity will be given for discussions upon the various subjects presented, which will be open to all, and in which it is hoped all present will participate. An interesting exercise of the meeting will be an examination of the students of the State College of Agriculture and the Mechanic Arts, in the "Elements of Agriculture."

Free return tickets will be furnished those attending the convention over the E. & N. A. Railway, the Maine Central and its branches and Eastern to Portsmouth, N. H., the Knox and Lincoln R. R., and Sanford's Independent line of steamers, good over these lines till Oct. 18th, thus giving ample opportunity for those wishing to do so, to make an extended excursion through the northern portion of Aroostook county, and it is hoped the meeting will direct attention to the great agricultural advantages and capabilities of this section of the State. The head quarters of the Board of Agriculture will be at the Snell House. Special invitation is extended to all Farmers' Clubs in the State to be present by delegates and members.

BANGOR POLICE COURT
BEFORE JUDGE GOODENOW.

Saturday, Sept. 27th. State vs Henry Wilberson, drunkenness; fined $3 and costs.

NEW PUBLICATIONS.

ATHOL, a story of the Rutledge order, with a charmingly tyrannical hero, and a quite as charmingly submissive heroine, who promises to marry the man she don't love, who conveniently dies, and leaves her free to marry his rival. The story is very well written and will doubtless interest all lovers of this style of romance. Published by Pott, Young & Co, Cooper Union, New York. For sale by Bugbee & Co.

PRONOUNCING HANDBOOK of Words often Mispronounced, by Richard Soule and Loomis J. Campbell, is a convenient and desirable work, useful not only in schools but in the home circle as a guide and authority in the pronunciation of all of the words in common use among us. Lee & Shepard, Boston. Sold by Bugbee.

THE PLAGUE-STRICKEN CITY. A Shreveport, La., special says that there have been four hundred and ninety deaths from yellow fever since the first of September up to last Friday. Both members of the firm of Sutherland & Page died on Friday, and both partners of the firm of Munday & Collins died a few days ago. ... All places of business are still closed. [illegible] ... their history containing 6000 pages.

AN INCIDENT OF THE PANIC. A Berkshire, Mass, man who went to New York last week to be on hand for picking up some bargains in stock during the crash on Wall street, gives his experience in a very few words. He says he selected what stock he would invest in, and saw them stood at 42, he thought he would wait half an hour, in the expectation that it would go lower. In fifteen minutes it jumped to 47, and then, believing it was going up, he bought. In fifteen minutes more it was down to 32, and our capitalist sold out and started for home, disgusted.

The Louisville *Courier-Journal* regards it as a remarkable coincidence that the Texas editors and the Texas war veterans should meet in that city on the same day. Just as though editors didn't belong to the fighting fraternity. *Commercial.*

Sure enough! We hope the "Texas veterans" will not be so ungrateful as to ignore our neighbor's war record.

The total imports at New York last week were $10,902,468, of which $7,464,702 were for merchandise and $3,437,766 for dry goods. The amount of dry goods marketed was $3,803,835. The specie shipments Saturday amounted to $133,717, of which $50,000 was in gold coin and the rest silver bars.

Mr King, who ascended in a balloon from the Fair Grounds at Plymouth, N H, Thursday afternoon, landed at six o'clock the same evening in Bridgton, Me. It is a singular coincidence that Mr King landed in Bridgton at the end of a voyage from the Plymouth Fair Grounds two years ago.

Despite the bank suspensions in Chicago the sales of grain for cash Friday for shipment were large. Telegrams came from Canada inquiring the price of wheat, to be paid for in gold.

BUSINESS ITEMS

The superiority of the stock used in making the Elmwood and Warwick Collars and the edges folded all around are the reasons why they are liked better than any others.

If you want to patronize a new house where everything is neat, clean and comfortable go to Lynde Hotel, Rockland.

DENTAL DEPOT.—The finest stock of Dental goods this side of Boston can always be found at Bradbury's. An experience of 25 years enables him to anticipate the wants of the Profession in the selection of goods. *White's, Johnson & Lund's, Justi's* and other makes of teeth at prices which defy competition. PULMONARY DISEASES.—HARBOR GRACE NEWFOUNDLAND Dec. 6th 1871. Jas. I. Fellows Esq.—Dear Sir: We are receiving orders almost daily from the Outports for your invaluable Syrup of Hypophosphites and the sale is steadily increasing. I firmly believe it has done more good than any medicine yet discovered in the cure of consumption, bronchitis, asthma, whooping cough and kindred diseases. It is the only medicine we have which cures those diseases by strengthening the nervous system, and as it is also what we call a sound chemical preparation I predict for it a more extended demand than any other remedy in existence. Yours, very truly, J. W. THOMPSON

District Court of the United States, District of Maine.
In the matter of H. G. COBURN, Bankrupt
IN BANKRUPTCY.

This is to give notice that a petition has been presented to the Court, this first day of Sept., 1873, by Hannibal G Coburn, of Lincoln a Bankrupt praying that he may be decreed to have a full discharge from all his debts, provable under the Bankrupt Act, and upon reading said petition, it is ordered by the Court that a hearing be had upon the same, on the first Monday of December, A. D 1873, before the Court in Portland, in said District, at ten o'clock A. M., and that the second meeting of the creditors of said Bankrupt, be held before Chas. Hamlin, Esq, Register, on the 7th day of October, 1873, and the 3d meeting of the same on the 7th day of October, 1873, and that notice thereof be published in the Bangor Daily Whig & Courier, a newspaper printed in said district, once a week for three weeks, and once in Bangor Weekly ... and that all creditors who have proved their debts and other persons in interest, may appear at said time and place, and show cause, if any they have, why the prayer of said petition should not be granted.
WM. P. PREBLE,
Clerk of District Court for said District.

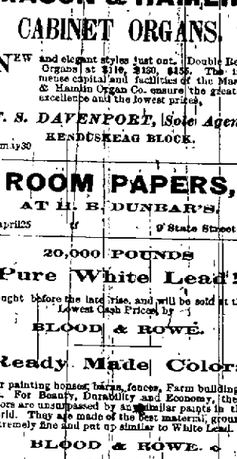
FILES ------- FILES.



THE PORTLAND KEROSENE OIL COMPANY

Would inform the public, that they continue to Manufacture

PORTLAND KEROSENE OIL.

The prevalence of a large quantity of inflamm and dangerous oils in the market, at a cheap price many of which are little better than Naptha fluid and the existence of false reports in regard to the Portland Kerosene Oil, manufactured by this Company, for its protection, as well as safety to consumers, that some notice should be taken of them; therefore, we again present our advertisement, and would call attention to the high standard of our Oils, THE REFINED PETROLEUM, the fire test of which is 125; THE PORTLAND KEROSENE, the fire test of which is 125 degrees Fahrenheit, and often reaches considerably higher; also, we would say, that we are determined to maintain their long established reputation.

PORTLAND KEROSENE OIL COMPANY.

We quote from chap. 99 R. S. 1871, the title of said chapter being "Inspection and sale of Manufactured Articles."

SEC. 31. Every person and corporation engaged in manufacturing petroleum, coal oil or burning fluid, shall cause every such oil manufactured to be so inspected and marked, by a sworn inspector. And if any person manufactures or sells such oil or burning fluid not so inspected and marked as aforesaid, *This State* or that has not been so inspected and marked as unsafe for illuminating purposes, he shall pay a fine not exceeding five hundred dollars, or be imprisoned six months in the county jail, upon indictments therefor.

THE BOSTON FIRE

did not kill

PRESIDENT GRANT,

Neither did it destroy the most appropriate

SEWING MACHINE ATTACHMENT

ever invented. This simple little machine, which is no less than

Wilder's New Bobbin Winder,

winds the thread on a bobbin without the use of a person's hands, or even as thread is wound on a spool by the manufacturers. Every one knows, or knows, is a very important thing in order to get an even tension, and it is very hard to do without these machines, which not only save an abundance of time, but wind one-third more thread on a bobbin. The Attachment is confined to the machine in the same place as the old one, and the price is within the reach of all. Can be seen in operation at

NO. 28 MAIN STREET.

☞ Agents wanted to sell this attachment for the Howe, Singer and Wood Sewing Machines. All orders addressed to

B. F. S. Patten,

BANGOR, ME.
